

Magic One S.M.A.R.T. Horse is a book about a blind horse named Magic. Magic is blind with a scar on his back. He got a scar from being pushed up against a barbed wire fence.

I did not like that his owner did not do anything for hours after the fact that he got cut. This makes me very mad because the owner should have called the vet sooner. Magic lost his sight from a very bad eye infection. A lady named Jody bought him, and Magic now stays at a place called *S.M.A.R.T.*

While at *S.M.A.R.T.*, Magic made a new friend Kaycee is a gray horse who thinks about kicking or biting Magic but Kaycee decides not to because he remembered how it felt to be kicked and bitten because the other horses at *S.M.A.R.T.* used to do this to him. Later on Kaycee and Magic became friends. Soon after Magic tells his story, Mr.K becomes interested in Magic's story. Mr.K led Magic to the fresh hay. Magic no longer needs Mr.K to lead him around the stable.

Magic is happy at his new home and he is doing well. I am happy they did not put Magic down. If I was blind, I think life would be so much harder. I would need a seeing eye dog.

Being blind is a real tragedy to be blind because it just makes their life harder. It doesn't matter if you have a disability you are still a person but in Magic's case you are still a horse.

I would recommend this book to all kids from the ages 10 and up I loved this book because it's full of feelings and emotions. This book is a picture book and the pictures really help you visualize what's happening in the story. The book Magic One S.M.A.R.T. Horse is one of the best books I have ever read.
